

Quick Start Guide

Model: ATV65UHDS-0120
65" 4K Ultra HD Smart TV

Hey!
Let's get your new TV ready to use, fast!

1 Have you got everything?

See the inside flap of the box for how to handle the TV without damaging it!

You will also need:

- Phillips-head screwdriver
- Someone to help lift the TV

Unpack the box (be gentle) and make sure all of these items are there:

- | | | |
|-----------------------------------|-------------------------|----------------------------|
| A. 65" 4K Ultra HD Smart TV | E. User Manual | H. TV Stands (2) |
| B. Remote Control | F. Warranty Certificate | I. Screws for TV Stand (6) |
| C. Easy Remote Control | G. AV Cable | J. Quick Start Guide |
| D. AAA Activ Energy Batteries (4) | | |

2 Attach the TV stand

Unless you are wall-mounting the TV, you will need to attach its stand/legs. If you do want to wall mount the TV, see page 7 of the User Manual.

Lay the TV face-down on a soft, flat surface (like the sofa, or a towel on a table).

Match stands to the installation points on the underside of the TV.

Attach the stand to the TV at the installation points using the screws provided. (Grab a screwdriver for this bit).

This TV is heavy!
We recommend asking someone to help you lift it.

3 Which plug goes where?

Want to hook up your new TV to a DVD player or something else? Use the basic guide below to see what the plug and port should look like for different connections. You can find more of these on page 10-12 of the User Manual. (These cables do not come with your TV)

- Use this to connect your soundbar, amplifier, digital receiver, or other external audio equipment.
- Use this connection for a DVD player, gaming console, computer and camera.
- To watch free-to-air TV channels, you need an antenna connection.
- Plug in your USB storage device to record or pause live TV, or to play your stored media.

4 Get to know the remote

Familiarise yourself with the remote control - you'll be spending a lot of time together. Here are some of the buttons you'll be using most often.

Prefer to keep things simple? We've also included an Easy Remote with only the essential buttons. See page 17 of the User Manual for more info.

On/Standby

Access streaming apps, TV settings.

Adjust the volume

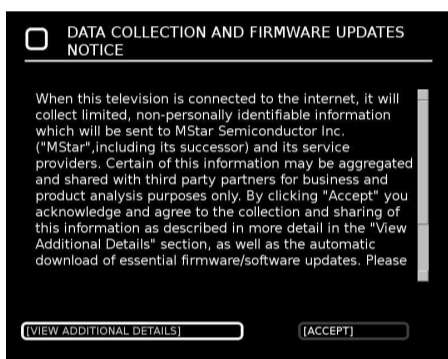

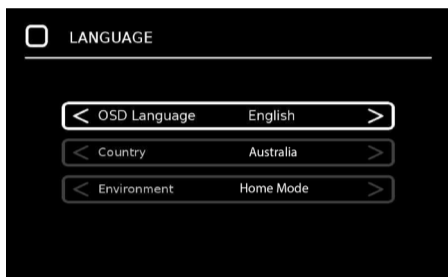

SOURCE Select the input source

OK Navigate and select/confirm

CH Change the channel

5 On-screen set-up

Press to confirm a selection and go to the next step.

Use the up, down, left and right arrow buttons to navigate the screens.

This TV is clever enough to scan and automatically tune to all available free-to-air channels. Easy!

Note: If you choose to setup Netflix or select an input source other than DTV, the setup wizard will exit and will not let you tune TV channels. To tune channels, go to Menu > TV > Settings > Channel > Auto Scan.

? Uh-oh, this isn't right...

Set-up not going smoothly? We've got you! **We just need you to check a few things first:**

🔌 Is it plugged in?

A new TV is exciting! So it's easy to forget something simple - like plugging it into the power outlet. Psst... make sure the outlet is switched ON.

📖 Look at the manual!

More often than not, the answer you need is right there in the User Manual. The troubleshooting section on pages 46-48 may come in handy for tricky stuff.

☎️ Ok, time to give us a call

What? You mean the User Manual didn't have ALL the answers? Speak to us! We'd love to help you get up and running as quickly as possible. Call our **After Sales Support** on **1300 886 649**.

Operating hours: Monday-Friday, 8:30am-6pm; Saturday, 9am-6pm AEST

Your new TV is ready to enjoy!

Well done, you made it. Now sit back and relax... your new TV is automatically covered by a 1-year warranty. How nice!
